8. Long-Term Debt, Continued

As a result of refinancing the outstanding debt, the Authority increased its total debt service requirements by approximately \$3,300,000, which resulted in an economic loss (the difference between the present value of the debt service payments on the old and new debt) of approximately \$250,000.

The Series 2017 Certificates are special, limited obligations of the Authority payable from and secured by a pledge of and lien on the gross revenues of the Authority.

The Series 2017A Certificates are subject to optional redemption by the Authority on or after March 1, 2026, in whole at any time or in part on any interest payment date, in reverse order of maturities, at a redemption price equal to 100% principal amount being redeemed, plus accrued interest. The Series 2017B Certificates are not subject to optional redemption.

The Authority and the City of Bainbridge (City) entered into a contract in which the City agreed to pay to or for the account of the Authority amounts sufficient to pay the debt service on the Series 2017 Certificates, up to the seven mill limitation described in the Hospital Authority's Law, to the extent other forms of payment from the Authority or Decatur County, Georgia, as discussed in Note 14, are not sufficient. This agreement also grants the City a first lien on the real estate owned by the Authority as of March 1, 2017 and, to the extent provided therein, a second lien on the Authority's net accounts receivable.

Under the terms of the Series 2017 Certificates, the Authority is required to maintain certain deposits with a trustee. These deposits are reported as noncurrent investments restricted by bond indenture.

The Series 2017 Certificates contain a provision that in an event of default, outstanding obligations may become immediately due and payable.

In April 2020, the Authority received loan proceeds in the amount of \$4,280,162 under the Paycheck Protection Program (PPP), as a direct borrowing. The PPP, established as a part of the *Coronavirus Aid, Relief, and Economic Security Act* (CARES Act), provides for loans to qualifying businesses for amounts up to 2.5 times of the average monthly payroll expenses of the qualifying business. The loans and accrued interest are forgivable after the covered period as long as the borrower uses the loan proceeds for eligible purposes, including payroll, benefits, rent and utilities, and maintains its payroll levels. The amount of loan forgiveness will be reduced if the borrower terminates employees or reduces salaries during the covered period. The unforgiven portion of the PPP loan is payable over two years at an interest rate of 1 percent, with a deferral of payments for the first ten months after the covered period. PPP loans greater than \$2 million are subject to review by the Small Business Administration. The Authority intends to use the proceeds for purposes consistent with the PPP. The Authority will recognize any forgiveness of the loan at the time the Authority is legally released from the debt. The PPP loan was forgiven effective June 16, 2021.
