## Skilled Nursing Services

### And Subacute Care

Memorial Manor is a leading skilled nursing and sub-acute care skilled nursing facility. We provide excellent care to our residents who require the best medical and nursing care, and top-notch rehabilitation services for our injured, disabled, or sick Residents.

### Daily Services Include:

#### Nutrition and Dining Services

Not only do we offer great nutritional services but also a first-rate dining experience. Our dedicated staff strive to making dining and meal services as healthy and uplifting as possible for our residents. Several meal choices are offered to all of our Residents. Residents are encouraged to participate in meal selection. Our nutritional service menus are developed by our Registered Dietitian to comply with each Residents' personal preferences and individual dietary requirements/restrictions.

#### Individual Care Plans

Comprehensive, individual care plans are created with your physician and our team to outline the best strategy for your care during your stay at our facility.

#### 24-Hour Skilled Nursing

Memorial Manor is staffed by Registered Nurses, Certified Nursing Assistants and Licensed Practical Nurses who work closely with your physician or the care team assigned to your overall health.

## Intravenous (IV) Therapy

IV therapy delivers needed fluids, specialty medications and nutritional supplements to ensure our Resident's a speedy recovery. Our skilled nursing staff provides IV care in a ways that will produce positive medical outcomes with minimum discomfort to our Resident.

### Wound Care Management

Memorial Manor staffs a team to specialize in wound care management. Our wound care nurses are trained to promote the rapid healing of wounds. At Memorial Manor our team us trained to handle the vast majority of wounds here are a few examples: Abrasions, lacerations, contusions, avulsions, diabetic foot ulcers, venous and arterial ulceration, and traumatic and surgical wounds.

### Radiology

Because our facility is attached to Memorial Hospital we are able to offer access to advanced radiology equipment and professional radiologists to provide medical imaging that is crucial to Resident's progress and care strategy.

### Laboratory & Pharmacy Services

At Memorial Manor we believe laboratory and pharmacy services are an important role in recovery and rehabilitation. We provide easy access to laboratory and pharmacy services.
